Cohen's Lottery & Exchange Office

HOC SIGNO FORTUNA.

BALTIMORE, FRIDAY, May 14, 1824.

All the Capitals still undrawn.

UNPRECEDENTED.—There was an immense concourse of spectators attending at the drawing of the GRAND STATE LOTTERY yesterday afternoon—the great room in the Masonic Hall was thronged to overflowing, all attracted by the brilliancy and extraordinary number of Capital prizes floating in the wheel and the anticipation of their distribution—the usual number of tickets were drawn, but no prize came out higher than one of *One Thousand Dollars*, leaving still in the wheel all the capitals, and which **MUST ALL COME OUT AT THE NEXT** (and last) **DRAWING** which will take place on Thursday the 24th of NEXT MONTH, thus allowing full time to those who have drawn small prizes to have them renewed; and to those who have not yet supplied themselves, an opportunity is thus afforded them of procuring chances for the great and splendid Capitals in this magnificent scheme—Orders should be sent on as soon as possible—The present highly attractive situation of the scheme will be noticed in an adjoining column—the capital prizes are:

100,000 DOLLS.	10,000 DOLLS.
20,000 DOLLS.	5,000 DOLLS.
10,000 DOLLS.	6 OF 1,000 DOLLS.

besides 23 of 100 dolls:—28 of 50 dolls: and no less than 2274 prizes of 12 dollars each!

PRESENT PRICES OF TICKETS, VIZ:

Tickets, - \$20 00	Quarters, - \$5 00
Halves, - 10 00	Eighths, - 2 50

Orders from any part of the United States, either by mail (post paid) or by private conveyance, enclosing the Cash or prizes in any of the Baltimore Lotteries, will meet the same prompt and punctual attention as if on personal application, addressed to J. I. COHEN, JR.—BALTIMORE.

No. 8453 sold at Cohen's Office.

On reference to the official list of yesterday's drawing of the GRAND STATE LOTTERY on the opposite page, it will be seen that 100,000 DOLLARS was the only prize of importance which came out—it was drawn by No. 8453 and was sold at COHEN'S OFFICE in a whole ticket, and is owned by a distant adventurer, for whom the CASH is ready, and will, as usual, be paid the instant the ticket is presented. We hope to announce some of the great capitals, also to distant adventurers, as in former schemes; and we assure them that we duly appreciate the extensive patronage our office is favoured with from them. Their orders will always meet with our accustomed prompt attention.

Caution to distant Adventurers.

Direction of Letters.—We beg permission to request our friends and customers residing in distant places, to be particular in directing their letters to J. I. COHEN JR. No 114 Market St. BALTIMORE. It will thereby prevent mistakes in being sent to another office, the name of which on paper, appears similar, and to which we understand, several letters have lately been directed on the supposition that the name was ours.

Washington Monument Lottery.

The state of the wheels of this patriotic Lottery is inserted in the 3d page of this day's Register—

The day for the next drawing will be announced in our next—Eight drawings are already over—The great Capitals are still undrawn.

2336 Prizes yet remain

In the rich wheels of the GRAND STATE LOTTERY, and **MUST** all be drawn at the next drawing, which will take place on the 24th NEXT MONTH, as the scheme will be completed on that day—a full list of the numbers which may be entitled to the 2336 prizes, will be in the Register, which will be published immediately after the drawing—so that, (as it will be recollected that *the prizes only are drawn in this Lottery*) adventurers will be enabled to ascertain the fate of their tickets at once—all Numbers not to be found in the lists will of course be Blanks, as none but the Numbers which draw prizes will be printed.

The Register.—The circulation of this paper is now extended to every section of the Union, and in order to ensure its safe conveyance, particular pains are taken in the packing and mailing; should it however, at any time fail in reaching any of our customers, we beg to be informed of it immediately, in order that a duplicate may be sent on without delay. It is published immediately after each drawing.

Fire at Harper's Ferry.—The following extract of a letter appears in the Patriot of last evening.

"HARPER'S FERRY, May 8th, 1824.

"A dreadful calamity happened at this place this morning before day. The work shop, which contained a principal part of the machinery, and in which upwards of two hundred workmen were employed is entirely consumed by fire. The building was about 150 feet long by 50 wide; It will be a loss to the United States of from 80 to \$100,000, and to the workmen of from 10 to \$20,000, in consequence of being thrown out of work. Seven hundred finished muskets, besides an immense quantity of materials were entirely destroyed.

"There happened to be but little wind stirring at the time; had it been otherwise, the whole of the place must inevitably have been destroyed. The fire is supposed to have been the work of an incendiary."

Spring Races.—The tenor of Letters received in this city from persons at a distance justifies the belief that the Spring Races of the Maryland Association for the improvement of the breed of horses will occasion a spirited contest among the owners of fleet horses. The races will be held on the 18th, 19th and 20th of this month, at the Canton Course, for the following purses:—

1st day, four mile heats, for a purse of	\$400
2d day, three mile heats, "	300
3d day, two mile heats, for colts only	200

THE TARIFF.—The Senate of the U. States is still deeply engaged upon the items of the Tariff Bill, which had previously passed the House of Representatives. The whole of the Senate are at their posts, except one member who is daily expected from Illinois in the place of Mr. Edwards appointed Minister to Mexico. So close have been the votes upon various items in the Bill, that it is thought that the passage would very much depend on the vote of the new member from Illinois.

SPANISH CLAIMS.—A Bill has passed the House of Representatives, creating a stock of *Five Millions* bearing an interest of $4\frac{1}{2}$ per cent, to pay off the awards under the Spanish treaty, which are to be declared next month. We learn that the

Bank of the U. States has offered to take the whole amount.

Important Declaration.—The Bogota Gazette of March 14th, gives us the address of Col. Hamilton, the Chief Commissioner to the Government of Colombia. In this address we find the following important passage.

"It is said, Sir, that France wishes to assist Spain in reconquering these countries. *Let not the people of Colombia entertain the least apprehension of such an invasion, because in Great Britain they will find a constant and firm friend.*"

The Races at Lawrenceville Va. terminated last Friday. The sweepstakes for three years old Colts, was won by Mr Johnson's colt *Revenge*, by Sir Archie, at three heats.

The proprietor's Purse by Mr. Harrison's horse *Arab*, at one heat, in great style.

The Jockey Club, by Mr. Harrison's horse *Aratus*, by Director. This race was one of great interest from an unusual occurrence, for the last heat was run by Aratus without the support of a bridle, one rein having broken immediately after starting. The admiration immediately felt for him the first heat, from his elegant appearance under motion, was wound to a pitch of enthusiasm, when he was discovered keeping the lead with perfect ease and steadiness, under the immense disadvantage of deriving no support from his rider; and when the rider too was seen to bend forward and adjust the bit, which by pulling at one rein he had drawn entirely through his mouth, and then grasp the mane for his own support. He came thro' ahead with much convenience, beating Mr. Johnson's horse *Defiance*, and distancing Mr. Drummond's mare, *Lady Randolph*, by Sir Archie. The course was in good order, the weather good, the attendance good, and the spectators wonderfully gratified.

No accounting for taste.—John Mc Curdy (says the N. York National Advocate) presented himself to the Police, demanding to be sent to the Penitentiary. He had done nothing to entitle him to that distinction, but he had just been released from the same place, and finding that he could not obtain work, and being unwilling to steal, he desired to be sent back. "Why don't you go to the poor-house?" said the magistrate. "Because my wife is there," said the man, and I have acquaintances at the Penitentiary, and prefer going there. He was adjudged as disorderly, and gratified by a commitment for the term of six months.—There is no accounting for taste in these times.

A Gun Powder Plot.—The last Richmond Compiler states that Mr. Lyon, who was employed in finishing a contract on the James River Canal, was aroused from his sleep about 3 o'clock on Saturday morning last, by a negro, who delivered to him a small box, saying it was from his friend Mr. E. and begging him to take care of it till he came. As soon as he had delivered the box, the negro retired with great precipitation. Mr. L. placed it under the bed: but a singular glimmering appearing in the room, he proceeded to examine the box, which he found to contain six, or eight pounds of gunpowder, in a small keg, and two candles which were burning very low. In a few minutes an explosion would have taken place, and Mr. L. might have been blown to atoms.

He was sleeping in a temporary cabin on the banks of the Canal. A man who had been deprived of the contract Mr. L. has obtained, has been arrested on suspicion.
